

Friday 24th April 2026

Dear Year 4 parents and carers,

For the last couple of years the Government have implemented a statutory Government Multiplication Tables Check for all Year 4 children. This is something that we have completed as a school in line with the National Curriculum expectations for multiplication facts. We have a range of fun incentives such as TT Rockstars to support the children with learning and fluently recalling these facts. We would like to invite you to a meeting to share information about the upcoming MTC and how it is organised within the school. The meeting will take place on **Wednesday 13th May 2026 at 3.30pm.**

The Multiplication tables check takes place between Monday 1st June 2025 and Friday 12th June 2026. This is an online assessment designed to determine whether pupils can fluently recall their multiplication tables up to 12, through a set of timed questions. During this open evening session, we would like to show you the online assessment and talk through how it will work and how we are supporting your child. You will also have the opportunity to ask any questions that you may have.

We would like to thank you all for your continued support. The children have shown great commitment to learning their multiplication tables and are really enjoying using TT Rockstars to improve their speed and accuracy of recall. We know that many of the children are using this while at home too.

Kind regards

Miss Jodie Milson
Head of School
