Dear Parents/ Carers

Thank you for your messages of support and your hard work during these unprecedented times. We hope that your families are all safe and well.

While we are all being advised to stay at home and social distance we are aware that you are all doing a magnificent job of accessing the home learning that we provided when we initially closed. We are currently working on how to create something that has greater longevity, which can continue to develop your child's learning and take some pressure off you as parents.

Over the next two weeks, it would have been the official Easter break, however we know that many of you may wish to continue with a structure to your day. We advise that you do what is best for your family and your child. It may be that you continue with some tasks, in the same way that your child would have been given extra homework over the Easter break. We advise that some work is continued otherwise it will be more difficult to return to home learning after the two week break.

We will be in contact soon with further information about home learning. Please take a look at the school's website, which has lots of links to websites for all curriculum areas with some wonderful activities to entertain your child. We have also updated Twitter with some PE challenges and examples of work that some children have completed.

If you have any questions please be in contact via the info@cloudsideacademy.co.uk. This is regularly checked and all messages are forwarded to the member of staff contacted. We are also available via weduc.

Thank you for your continued support.

Take care.

Miss Jodie Milson

Deputy Head teacher
