Dear Parent/Carer,

Ofsted Report for Cloudside Academy

It is with great pleasure that I attach the published report of our recent inspection. The school is graded as a GOOD school in all areas of which we are all very pleased! This report exemplifies the hard work and dedication of the staff team who have worked tirelessly since I have been involved with the school on a rapid journey of school improvement. Some highlights of the report are:

“This is a happy school where pupils feel safe. They are proud of their school.”

“Most parents and carers are very positive about the school.”

“Leaders, teachers and support staff strive to provide the best education for pupils.”

“Pupils read widely and often. They say that they love reading.”

“Leaders have high expectations of all pupils.”

“Many parents recognise improvements in the provision for pupils with SEND.”

“Staff, parents and pupils said that behaviour has improved significantly in the last two years.”

“Staff enjoy working at the school.”

“There is a strong culture of safeguarding at the school.”

I will continue to work very closely with the Senior Leadership Team in order to continue to move the school forward on our journey to outstanding! I am sure that you will all be as thrilled by this outcome as we are.

Thank you for your continued support in this matter.

Yours sincerely

pp

Nicola McIntyre
Executive Headteacher
